Wireless Bluetooth Speaker Tronsmart Mega Pro

Tronsmart Mega Pro Bluetooth Wireless Speaker

Listen to your favorite tunes in even better quality. The Tronsmart Mega Pro speaker offers impressive sound rich in deep bass and ear-pleasing treble. It plays music for up to 10 h on a single charge and can act as a powerbank. The equalizer allows you to customize the sound, and compatibility with voice assistants enhances the freedom of use.

Listen to the details of the songs

Rediscover your favorite songs. The speaker is equipped with 2 tweeters, 1 woofer and a dual amplifier, allowing you to enjoy crystal clear, richly detailed sound. What's more, a passive heat sink enhances the bass, for better sound effects. In addition, SoundPulse technology and an output power of 60 watts further contribute to the Mega Pro's impressive sound.

Up to 10 h of playback

The speaker is equipped with a 10,400 mAh battery, which translates to about 10 h of playback - if the volume is at 50%. You'll also find a USB-C cable included, which will make charging the Mega Pro easier. What's more, the speaker will serve as a powerbank, with which you will renew your smartphone's energy. Such a solution will work in cases where it is not possible to charge devices using a mains charger.

Additional features

Experience how many possibilities the Tronsmart Mega Pro offers. You can customize the sound from the touch panel - available effects include Deep Bass (default), Vocal and 3D. It is also possible to pair 2 speakers together for stereo sound. The product is also IPX5 water and dust resistant, so you can use it without worrying about splashes. In addition, the Mega Pro supports NFC connection for quick device pairing.

Simple, intuitive operation

Using the Mega Pro will not be a problem for you. From the touchpad, you can adjust the volume, skip a song, switch mode, answer/end a call, etc. In addition, the speaker is compatible with Siri, Cortana and Google Assistant voice assistants. In addition, the LED backlighting of the panel makes it easy to use the speaker after dark.
