

Wireless Bluetooth Speaker Tronsmart Halo 100

Wireless Bluetooth Speaker Tronsmart Halo 100

Ref: 6970232014998

The Tronsmart Halo 100 Bluetooth Wireless Speaker

The Tronsmart Halo 100 delivers impressive sound and lets you pair 2 speakers together for stereo sound. What's more, the available equalizer allows you to customize the playback. You can also enjoy 5 LED backlight effects. What's more, the Halo 100 runs for up to 15 h on a single charge, and you can renew its power with the included USB-C cable.

High-quality sound

Feel like you're at a concert. The Tronsmart Halo 100 uses 1.2" and x2 2.09" tweeters for clear highs and mids. In addition, a 4.53" woofer and a passive radiator (5.6") allow you to enjoy deep bass. Plus, you can personalize the sound with the equalizer (available in the Tronsmart app).

Handy and stylish design

The speaker is equipped with a handy handle, so you won't have any problems carrying it. On the other hand, the touch panel makes it easy to use - from it you can adjust the volume, stop playback, etc. What's more, you can choose from 5 lighting effects. There are also AUX and USB ports and a Micro SD/TF card slot.
