Vention IBEBH Cat.6 UTP Network Cable 2m Black

In the age of increasing technological demands, a reliable network connection becomes key to the smooth functioning of many devices. An essential element of this connection is the proper cable. We present the Vention IBEBH network cable, which combines functionality with reliability. Perfectly suited to modern needs, it ensures a stable and fast connection. Here are its main features.

Universal Compatibility

The Vention IBEBH network cable is characterized by a wide range of compatibility. It effortlessly connects computers, laptops, televisions, routers, switches, or ADSL devices. Such versatility makes it an indispensable piece of equipment in every household, office, or public place.

Cat.6 UTP Cable

The IBEBH model is a Category 6 UTP network cable, which means it provides high bandwidth and connection stability. You won't have to worry about interruptions in data transmission or signal disturbances. Whether you're transferring large files, streaming movies in 4K quality, or playing online games, this cable will be your reliable partner.

Durability and Reliability

The Vention IBEBH cable is made from PVC, which guarantees its longevity and resistance to everyday wear and tear. This material is flexible, yet resistant to mechanical damage, allowing for many years of cable use without concern for its quality. The length of the cable is 2 meters.
