Vention IBEBJ Cat.6 UTP Network Cable 5m Black

In the era of increasing technological demands, a reliable network connection is key to the efficient functioning of many devices. An essential element of this connection is the right cable. We present the Vention IBEBJ network cable, which combines functionality with reliability. Perfectly adapted to contemporary needs, it ensures a stable and fast connection. Here are its main features.

Universal Compatibility

The Vention IBEBJ network cable is characterized by a broad range of compatibility. It seamlessly connects computers, laptops, televisions, routers, switches, and ADSL devices. This versatility makes it an irreplaceable element of equipment in every household, office, or public space.

Cat.6 UTP Cable

The IBEBJ model is a Category 6 UTP network cable, meaning it provides high throughput and stable connectivity. There is no need to worry about interruptions in data transmission or signal interference. Whether transferring large files, streaming movies in 4K, or playing online games, this cable will be your reliable partner.

Durability and Reliability

The Vention IBEBJ cable is made of PVC, which ensures its longevity and resistance to everyday wear and tear. This material is flexible yet resistant to mechanical damage, allowing for many years of use without concerns about its quality. The length of the cable is 5 meters.
