Flat UTP Category 6 Network Cable Vention IJBV 40m Black

Vention IJBV Cat.6 UTP Flat Network Cable 40m Black

As technology becomes an everyday companion in our lives, the right choice of equipment becomes crucial. We present the Vention IJBV network cable, which has been designed to meet the demands of the most advanced devices. Its main features provide not only reliability but also versatility in applications.

High-Performance Data Transmission

Thanks to the capability of transmitting data at a level of 1000 Mbps, the Vention IJBV cable offers an exceptionally stable and fast connection. This means that even when transmitting large files, streaming content in high resolution, or online gaming, users can rely on continuity and consistency of performance. Such a level of efficiency is essential today, when we care about the smoothness and quality of the connection.

Universal RJ45 Interface

The RJ45 interface, which the IJBV model is equipped with, ensures a versatile range of applications. With it, the cable is compatible with a wide range of devices, such as computers, laptops, routers, switches, televisions, smart boxes, and printers. This means that regardless of the needs, this cable will be the right choice, adapted to your equipment.

Sleek Design

The IJBV network cable stands out with its sleek design, having a thickness of only 1.6 mm. This not only aesthetically looks good in any interior but also facilitates cable management and minimizes the risk of tangling. With a length of 40 meters, this network cable is perfectly suitable for larger spaces, providing flexibility in the placement of devices. By choosing the IJBV model from Vention, you opt for reliability and functionality in a single product.
