

## USB 3.0 male to female extension cable Vention CBHBG 1.5m BI

Ref: 6922794748873

USB 3.0 male to female extension cable Vention CBHBG 1.5m Black PVC

### Vention USB-A to USB-A Plug Cable Black 1.5m

The Vention CBHBI model cable, equipped with USB 3.0, ensures data transmission at an impressive speed of 5Gbps. This means that users can transfer 1GB files in just 5 seconds. This makes transferring movies, photos, and larger files an incredibly efficient and quick process.

### Convenient Connection to Desktop Computers

Using the Vention CBHBG cable, users no longer need to bend down to connect the cable to the ports on the front panel of the computer or crawl under the desk in search of rear ports. The Vention cable provides comfort and convenience, saving you time and effort.

### Device Port Protection

Constantly plugging and unplugging plugs from ports can lead to damage. The Vention CBHBG model cable helps protect the ports on your devices. By plugging it in permanently, the user reduces the frequency of plugging devices into the computer or laptop port, which translates into longer device lifespan and better performance.

### High-Quality Construction

The Vention CBHBG model cable is constructed from the highest quality materials. It consists of tinned copper wires and a grounding

wire. These elements are additionally surrounded by aluminum foil, a metal braid, and an external PVC sheath. This construction ensures durability, resistance to interference, and a long period of use.

#### Aesthetics and Functionality

Not only functionality is important. The Vention CBHBG model cable, designed in an elegant black color, will certainly match most devices and computer setups.
