

Powerbank Baseus Adaman Metal 20000mAh PD QC 3.0 65W 2xUSB +

Ref: 6953156204324

Powerbank Baseus Adaman Metal 20000mAh PD QC 3.0 65W 2xUSB +

Baseus Powerbank PPIMDA-D01

Thanks to the product from Baseus you will quickly charge your laptop or phone. The device supports 65W Power Delivery fast charging protocol, so your MacBook battery will be fully charged in just 2 hours. The powerbank is equipped with two USB output ports and USB-C and micro USB output/input ports.

Fast charging

Baseus brand powerbank supports fast charging technology and is compatible with devices such as, for example, Huawei or Apple, allowing you to charge 50% of your battery in just half an hour. Charging powerbank PPIMDA-D01 is 5 times faster compared to other models, it takes only 2 hours. With a 20000mAh battery, you only need to charge the PPIMDA-D01 once and you can use it to renew your devices power up to 7 times (for Apple 8).

Elegant design

The powerbank is made of high-quality metal, which gives it an elegant look and makes it resistant to damage. The LED display, which resembles a water droplet in shape, provides information on voltage and current, as well as battery status.

Safety

The lithium polymer battery ensures safe use. The product protects your device from overcharging, discharging, overcurrent, overheating, etc. Moreover, the powerbank is CE and FC safety certified. In addition, the product can be brought on board airplanes of all airlines.
