

HD DisplayPort 1.4 8K Cable 3m Vention HCDBI (Black)

HD DisplayPort 1.4 8K Cable 3m Vention HCDBI (Black)

Ref: 6922794762084

DisplayPort 1.4 HD 8K 3m cable Vention HCDBI (Black)

The Vention cable supports DisplayPort version 1.4 and provides a maximum resolution of 7680 x 4320 pixels. This means you can enjoy 8K-quality video, which is ideal for professional applications such as video editing, graphic design and top-quality signal transmission. An impressive 240 Hz refresh rate guarantees smooth on-screen movement, which is crucial for both entertainment and work.

Extreme signal protection

This cable is also a guarantee of reliability. Equipped with three shielding layers, it eliminates any signal interference. Whether you are working in a place with intense electromagnetic pollution or using several monitors, you can be sure that the image quality will remain excellent.

Gold-plated connectors

Details matter, especially in professional applications. The HCDBG cable is equipped with gold-plated connector contacts, which means excellent connection quality. This minimizes signal loss and ensures that your visual experience remains flawless. This feature is also responsible for the durability of this cable.

Top quality materials

Vention is always committed to quality. The cable is made of durable materials such as PVC and ABS, which ensures not only reliability, but also an aesthetically pleasing appearance. The cable's length of 3 meters gives you flexibility in setting up your equipment, and the data transfer rate of 32.4 Gbit/s means that no matter what the application, this cable will meet your requirements.
