USB-C to HDMI Docking Station, 3x USB 3.0, RJ45, PD 0.15m Vention TOHHB (gray)

Docking station with USB-C to HDMI, 3x USB 3.0, RJ45, PD 0.15m Vention TOHHB (gray)

The Vention TOHHB is compatible with a wide range of hardware. It enables 4K video display and charging with up to 100 watts of power. In addition, data transfer reaches up to 5 Gbps, and signal transmission reaches 1000 Mbps. The hub works flawlessly with iOS and Windows, and its built-in chip guarantees smooth operation.

**Instant charging of your equipment**

Thanks to the USB-C port, your device can be charged at up to 100 watts. As a result, the MacBook Pro 13" will be ready to continue working after about 1.5 h, and the MateBook 13 after 2 h. No longer do you have to interrupt gameplay or movie watching because of a low battery.

**Versatile compatibility**

The Vention TOHHB has 3 USB3.0 slots that allow you to connect multiple devices, such as a mouse, keyboard or SSD drive. File transfer speeds are 5 Gbps, so you'll be copying your photos, videos or documents in no time.

**Impressive image quality**

Vention TOHHB delivers images in 4K, for an even better immersive experience. As a result, you can enjoy a wealth of detail. Watch your

favorite movies, TV series and play games in even higher picture quality.

#### Thoughtful design

The hub has a built-in chip, which is responsible for stable and reliable operation of the device. In addition, the aluminum alloy finish is responsible for good heat dissipation and prevents the product from overheating. In turn, the ports are resistant to wear and tear, and the lightweight and compact design makes it easy to store. You can successfully fit the hub in a backpack or handbag.
