

Filter Adapter PolarPro Step Up Ring - 72mm - 82mm

Filter Adapter PolarPro Step Up Ring - 72mm - 82mm

Ref: 817465021651

PolarPro Step Up Ring 72-82mm Filter Adapter

This practical adapter increases filter compatibility so you can use it with smaller lenses. This gives you even more options for recording original footage. For example, the Step Up Ring 72-82mm by PolarPro will allow you to mount a 82mm filter on a 72mm lens. The knurled brass frame makes the accessory easier to mount and more durable. What's more, the matte black electroplated surface eliminates unwanted reflections. All this makes the Step Up Ring perfect for recording both in the studio and outdoors.
