Vention 3.5mm Male to 3.5mm Female Mini Jack Cable 5m

The Vention 3.5mm mini jack cable (BHCBJ) combines technology with practical design. Its sturdy construction ensures long-lasting durability, and high-quality materials guarantee pure sound quality. Features such as microphone control support and thoughtful design make it the perfect choice for anyone who values comfort and quality in one.

Durable Interface Housing

The key to the longevity of any cable is its resistance to daily use. The Vention BHCBJ cable has an interface housing made of aluminum. This choice of material not only provides an aesthetic appearance but also significantly increases the cable's durability, preventing it from breaking. This is especially important for people who frequently use portable devices.

High-Quality Sound

The Vention BHCBJ cable guarantees high-quality sound transmission. Whether you're listening to music, podcasts, or having a phone conversation, you can count on clear and crisp audio.

Microphone Control Support

Headphone users will appreciate the built-in microphone control support. With the Vention BHCBJ cable, you can not only listen but also

engage in conversations using the microphone in your headphones, without the need for additional accessories.

Thoughtful Design

The key element of the Vention BHCBJ cable is its design. The cable consists of an enameled copper core, a TPE outer shell, and a cotton braid. This combination of materials ensures not only excellent conductivity but also additional resistance to mechanical damage. Small details make a difference. The male plug of the Vention BHCBJ cable has a special "step" that allows you to connect it to your phone without removing the case. This makes it quick and easy to connect the cable without worrying about compatibility with various device cases.
