USB-C hub for 3x USB 2.0, RJ45, Micro-B Vention TGOBB 0.15m Black

The Vention TGOBB hub allows you to quickly transfer files at 480 Mbps. You can also use the Internet comfortably thanks to signal transmission at 100 Mbps. What's more, the hub allows you to connect as many as 5 devices at the same time, and advanced chips ensure fast and efficient operation of the equipment. In addition, a blue indicator will provide information about the device's operation status.

Use the Internet and transfer files

Don't be afraid of interference and delays when using the Internet. The hub provides signal transmission of 100 Mbps, so you can work, play or watch movies freely. In addition, you can copy files at 40 Mbps.

Wide compatibility

The Vention Hub offers such ports as USB-C, 3x USB 2.0, RJ45 and Micro-B. Thus, you can successfully connect a flash drive, mouse, laptop, etc. to it. What's more, the Micro-B port allows you to connect to a hard drive with a capacity of up to 8 TB. In turn, advanced chips are responsible for the reliable operation of TGOBB.

Thoughtful design

The product is distinguished by a carefully thought-out design, so it will serve you for a long time. The use of copper prevents interference, and the ABS plastic finish provides protection against overheating and wear. The TPE cable is resistant to breakage, and the lightweight and compact design allows for convenient storage.
