QCY H2 PRO wireless earphones (black)

Transport yourself to a magical world of sound with the QCY H2 Pro! The QCY H2 Pro wireless earphones feature 40-millimeter drivers that will make you feel like you're at your favorite band's concert, no matter where you are. Built-in microphones combined with ENC technology will allow you to make phone calls to others. They have a runtime of up to 60h, and a dedicated app will give you full control over the sound you play.

The sound you deserve

Your favorite songs have never sounded better! The earphones are equipped with 40-millimeter drivers that provide rich detail with incredible depth. As a result, you'll discover new nuances in your favorite songs that you might have missed before. The QCY H2 Pro also offer a special bass mode that further emphasizes low frequencies for an unforgettable musical experience.

No interruptions to your music

Enjoy long hours of music without worrying about frequent charging. The powerful 400 mAh battery provides about 60 hours of use on a single charge. This will allow you to successfully watch up to 13,500 short videos on TikTok or play as many as 900 songs.

Stay connected

The QCY H2 Pro have built-in microphones that allow you to make phone calls. They also use ENC (Environmental Noise Cancellation) technology, which eliminates background sound interference. This means you can talk on the phone in noisy places, on the street or in a crowded office, and your caller will hear exactly what you have to say.

#### Wireless freedom

The QCY H2 Pro earphones feature the latest version of Bluetooth 5.3, providing a fast and stable connection to your device with a range of up to 10 meters. In gaming mode, they offer ultra-low latency of just 0.068 seconds, so you'll be able to react to your opponent's every move in no time. They also allow you to connect to 2 devices simultaneously, so you can easily switch between them without having to disconnect and reconnect.

#### A new dimension of music listening

Are you going on vacation? Or maybe you're facing an hours-long train journey? Take the QCY H2 Pro earphones with you! Thanks to their foldable design, they won't take up much space in your luggage. Their soft earcups conform to the shape of your ears for unparalleled comfort, even during prolonged listening. Built-in controls allow you to intuitively manage your music and phone calls, making using the earphones a real pleasure.

#### Discover more with the app

Are you keen on additional features? Download the QCY app and use the full potential of your earphones! The app is available for both Android and iOS users. With it, you can personalize the sound settings, adjusting the EQ according to the type of music you are playing. You can also locate the location of your earphones or check their charging status.
