

Set of 6 Filters All Day Freewell for DJI Mini 4 Pro drone

Ref: 6972971864568

Set of 6 Filters All Day Freewell for DJI Mini 4 Pro drone

Set of 6 Filters All Day Freewell for DJI Mini 4 Pro drone

The Freewell All Day kit is designed for the DJI Mini 4 Pro drone and includes 6 filters: ND16, ND32, ND64, ND128, ND256, and ND1000. These filters allow you to achieve optimal exposure settings and prevent overexposure, enabling you to capture precise shots and fully utilize your drone camera's potential.

Perfect for Sunny Days

Neutral density filters are essential for flights and filming in bright lighting conditions. The kit includes ND filters ranging from ND16 to ND1000, covering a wide range of light transmission levels. This allows you to easily choose the appropriate filter to achieve balanced exposure and capture long exposure shots.

GimbalSafe Technology

Each filter included in the kit has undergone tests to confirm their safe usage, so you don't have to worry about the accessories burdening your drone's gimbal. Enjoy high-quality shots while maintaining full functionality and stability during flight.

High-Quality Construction

The filter coatings are resistant to dust, scratches, and grease. They are also color-neutral, ensuring the best image quality when filming

outdoors.
