

Gradient Filters GND0.9 for Eiger Matte Box

Gradient Filters GND0.9 for Eiger Matte Box

Ref: 6972971862496

Freewell Soft Edge GND0.9 Gradient Filter for Eiger Matte Box

Expand your imagination and create more captivating content with the Freewell GND0.9 Soft Edge gradient filter designed for the Eiger Matte Box. This accessory makes it easier to achieve harmonious landscapes where every detail is perfectly exposed. It allows you to achieve perfectly balanced exposures even when facing challenging lighting conditions.

Enhance the Quality of Your Materials

The GND0.9 Soft Edge filter ensures subtle tonal transitions and helps you achieve a harmonious exposure balance between the bright sky and the darker foreground. Its precisely calibrated gradient prevents overexposure of the sky while keeping shadow details visible.

High-Quality Construction

This accessory has undergone a rigorous multi-layer coating process, making it resistant to dust, scratches, water, and oil. As a result, it will serve you reliably for a long time.
