

## Filter ND128 Freewell for Samsung Galaxy S23 Ultra

Ref: 6972971861031

Filter ND128 Freewell for Samsung Galaxy S23 Ultra

Filter ND128 Freewell for Samsung Galaxy S23 Ultra

The Freewell ND128 filter is designed for Samsung Galaxy S23 Ultra users. It is made from high-quality optical glass, ensuring durability. Mounting it is efficient and hassle-free. This accessory allows you to control the amount of light entering the camera, enhancing the quality of your materials. Note: To comfortably use this filter, it's necessary to have the FW-GX-S23U case.

### Professional Effects

With the ND filter, you can precisely control the amount of light reaching the camera sensor, allowing you to create long exposure effects. Capture flowing water, traffic, or other dynamic scenes with a cinematic blur effect!

### Magnetic Mounting System

With Freewell, you won't miss any moments worth capturing. The magnetic mounting system allows for lightning-fast filter installation, allowing you to quickly adapt your phone to changing lighting conditions.

### Durable and Reliable

The filter is made from high-quality optical glass, ensuring exceptional image quality. Additionally, its coating is resistant to water, dust, scratches, and smudges, guaranteeing the cleanliness and clarity of your photos in any conditions.
