Powerbank Baseus Magnetic 10000mAh 20W MagSafe (blue)

Baseus Magnetic powerbank

Now you can conveniently charge up to 3 devices simultaneously. The Baseus Magnetic Powerbank is equipped with USB-C and USB ports, and allows wireless charging. Its capacity is as high as 10,000 mAh. It also has a built-in display that allows you to check the battery capacity at any time. It supports such fast charging protocols as PD 20W, for example.

Charge up to 3 devices at the same time

No longer do you have to wait for one device to be charged before connecting another. The powerbank is equipped with 2 ports - USB and USB-C, which, when used simultaneously, allow you to charge with up to 5 V / 2.4 A. You can also use it to power selected devices wirelessly. Now you can charge your AirPods, tablet and smartphone at the same time!

Fast charging

The powerbank's inductive charger allows you to power selected devices with up to 10 watts of power. What's more, the product's USB-C port supports 20W PD fast charging, and the USB FCP port supports 18W and QC. This means that it only takes about 30 minutes to charge the selected equipment to 50%! Charging the powerbank doesn't take long either - the USB-C port supports input power of up to 18 W QC / PD.

Wide compatibility

With this practical powerbank you can easily charge most popular devices. The product allows you to quickly charge iPhones from the 8-13 series, and is also compatible with Xiaomi and Samsung phones, among others. It also allows you to power tablets and wireless headphones. With a capacity of as much as 10,000 mAh, you won't have to charge it too often.

Improved design

The powerbank is designed to allow you to conveniently charge your smartphone wirelessly. Thanks to its built-in powerful magnets, it provides stability to the phone placed on it (only applicable to iPhone 12 and 13 series). Its design also provides space for the smartphone's camera lenses. The device is equipped with an easy-to-read screen that displays the percentage of battery charge.
