

Induction Cooker AMZCHEF CB09K

Induction Cooker AMZCHEF CB09K

Ref: 0718387189132

AMZCHEF CB09K induction stove

The AMZCHEF CB09K stove is the perfect combination of power and functionality in a compact size. With a total power output of 2000 watts and a single induction zone, the stove, although compact, is extremely powerful, enabling fast and even cooking. Its dimensions (320 x 280 x 50 mm) make it a perfect fit in any kitchen, even the smallest, providing space savings without compromising on the efficiency and taste of your food.

Precise temperature control

The AMZCHEF CB09K offers 10 temperature stages in a wide range from 60°C to 240°C, allowing you to fine-tune the heat to meet the needs of a variety of dishes. Intuitive operation of the stove is provided by water- and grease-resistant touch-sensitive buttons, making the entire cooking process intuitive and enjoyable. With Amzchef, you can effortlessly prepare aromatic soup, crispy vegetables or juicy roast!

Safe and waterproof design

The stove features a high resistance to water and high temperatures, making it safer to use. The black polished crystal glass not only gives an elegant look, but is also easy to clean and resistant to damage. These features make the AMZCHEF CB09K a durable and reliable appliance for any kitchen.

Optimal match to the electrical grid

Thanks to its 220-240V power supply, the AMZCHEF CB09K induction stove is compatible with most standard power systems, allowing it to be used with outlets anywhere. The ability to operate at different frequencies (50/60 Hz) guarantees flexibility and reliability in different regions, which means you can take it on the road and enjoy independence.
