Shredder AMZCHEF HC-1229 (gray)

The AMZCHEF HC-1229 chopper is the perfect combination of power and functionality, indispensable in any modern kitchen. With a total power of 500 watts, it is able to quickly and efficiently handle a variety of products - from vegetables to nuts, ensuring the perfect consistency every time you prepare your favorite dishes.

Two speed modes for greater control

With two modes, the AMZCHEF HC-1229 shredder gives you more control over the shredding process. The lower speed will be suitable for shredding more delicate foods, such as tomatoes or onions. Higher speeds, on the other hand, will allow you to quickly tackle tougher products such as meat, pumpkin or nuts. This flexibility makes the HC-1229 a versatile and suitable appliance tailored for your culinary experiments.

Versatile assistant

Whether you're preparing a meal for the family or hosting a party, the AMZCHEF HC-1229 chopper is a versatile tool to help you with any culinary challenge. With its powerful motor and 4 stainless steel blades, it will take you only 12 seconds to shred 250 grams of meat, and prepare the same amount of tomato soup in just 5 seconds. Enjoy the efficiency that will save you both time and energy.

#### Durability and safety

Made of 304 stainless steel and equipped with a pure copper motor, the AMZCHEF HC-1229 chopper is designed with durability and safety in mind. Stainless steel guarantees resistance to rust and corrosion, while the pure copper motor ensures long-lasting performance and reliability. What's more, the rubber mat on the bottom of the bowl perfectly absorbs shocks, eliminating the risk of damage and falls.

#### Quick and easy cleaning

The AMZCHEF HC-1229 chopper is also easy to clean, which is crucial for maintaining hygiene in the kitchen. Its components can be quickly washed under running water, which significantly reduces the time needed to clean up after food preparation. What's more, you can put the lid, bowl and blades in the dishwasher without any problems.

#### Compact design and easy storage

The device weighs just 0.98 kg and measures 19.3 cm x 24 cm, making it extremely handy. Its compact design allows for easy storage even in small spaces, making it an ideal choice for anyone who values order and organization in the kitchen.
