

Multifunctional Cooling Stand iPega PG-P5023A for PS5 and ac

Ref: 6974363710101

Multifunctional Cooling Stand iPega PG-P5023A for PS5 and accessories (white)

iPega PG-P5023A multi-functional cooling stand for the PS5 console

Now you can store your PS5 and its accessories in one place! The iPega stand will not only keep things neat and tidy, but will also charge 2 controllers simultaneously. What's more, it comes with 2 fans to prevent your hardware from overheating and a hook for headphones or VR glasses. Additionally, the PG-P5023A is available in two colour options: black and white.

Fast console charging

The PG-5023A offers the ability to charge 2 consoles simultaneously, allowing you to save time. Moreover, the voltage of 5V, ensures stable charging, and after about 2.5 - 3 hours, the controller will be ready for further use. In addition, a dedicated indicator in red indicates the charging process, and in blue - a fully charged battery.

Effective cooling

The iPega stand has 2 fans that effectively prevent the PS5 from overheating and affect its performance. Moreover, the product is equipped with a dedicated switch with which you can turn off the cooling at any time. In addition, the PG-P5023A is compatible with the PS5 digital and CD-ROM console.

User-friendly

The iPega-branded product also has a special hook on which you can hang headphones or VR goggles. Moreover, on the other side there is space for storing games - the stand will hold up to 15 discs. In addition, the unique, modern design of the PG-P5023A will perfectly complement the gaming zone.
