

Earfun Headphone Amplifier (black)

Earfun Headphone Amplifier (black)

Ref: 6974173980367

Earfun UA100 USB-C headphone amplifier (black)

Need a proven headphone amplifier? The EarFun device will be perfect for you! It stands out for its thoughtful design and Hi-Res Audio level sound. This makes it meet the expectations of even the most demanding! See what else EarFun can offer you.

Comfort of use

The EarFun amplifier guarantees the best sound quality, which is Hi-Res Audio certified. It will make you fall in love with your favorite songs all over again. In addition, it is equipped with 6 microphones and noise cancellation technology, which guarantees clear and undistorted phone calls. This amplifier also shows great compatibility. It will work on systems such as Android, iOS, Windows and Mac.

Thoughtful design

What sets the EarFun amplifier apart is its thoughtful design. It features a light weight (which only reaches 10.6) and small size. This makes it the perfect companion for any travel. It is also equipped with universal inputs - 3.5mm and 4.4mm. It is made of aluminum and is finished with a smooth matte texture. As a result, it features unparalleled durability that will delight even the most demanding.
