

Smartwatch Black Shark BS-S1 silver

Smartwatch Black Shark BS-S1 silver

Ref: 6974521491552

Smartwatch Black Shark BS-S1 (silver)

The Black Shark BS-S1 smartwatch will be great for everyday use. Equipped with a 1.43" AMOLED display, it guarantees high image quality and comfort, and a wide selection of dial designs will allow you to customize the look of the device. What's more, the smart watch works for about 10 days on a single charge and allows you to make calls comfortably thanks to the noise-canceling ENC microphone. Moreover, it will allow you to take care of your fitness - you can choose from more than 100 sports modes and it monitors your health around the clock. In addition, it is IP68 water resistant - you can take it for a workout without worrying about splashes.

AMOLED 1.43" display

Get clear access to notifications with the Black Shark BS-S1. The smartwatch offers high image quality thanks to its 1.43" AMOLED display. What's more, a brightness of 600 nits and a refresh rate of 60 frames per second translate into rich detail and smooth performance. You can also personalize the look of the smart watch by choosing from 100 dial designs.

Up to 10 days of operation

Take your smartwatch on vacation or on a business trip without worrying about the device suddenly discharging. The BS-S1 display is distinguished by its low power consumption, allowing it to work for up to 10 days on a single charge. No longer will you miss an important notification, call or workout.

Talk freely on the phone

Talk to your loved ones without taking your phone out of your pocket. Black Shark BS-S1 supports Bluetooth version 5.3, with which you pair your smartphone with the smartwatch. The smartwatch is equipped with a microphone and ENC noise cancellation algorithm, so you can make phone calls without interference. Now you will be sure that your caller will hear you. Say goodbye to annoying noise and focus on what's important.

More than 100 sports modes

Want to increase the efficiency of your workouts, or maybe test your strength in a new sport? Black Shark BS-S1 will help you do just that. The smartwatch offers more than 100 sports modes, including running, cycling and tennis. In addition, the Shark Wear App monitors the number of steps, calories burned, distance, exercise time and your speed if you like to run. What's more, GPS tracks your workout route, and daily/weekly/monthly reports let you check your progress.

Allows you to monitor your health status

Thanks to built-in sensors, you can monitor your health around the clock and react quickly to alarming symptoms. The smartwatch tracks your menstrual cycle, measures your heart rate, blood saturation and monitors the different phases of sleep, which will help you eliminate unhealthy habits.

Additional features

This is not the end of the Black Shark BS-S1's capabilities. The smartwatch allows you to use a calculator, take photos remotely, set a stopwatch, or check the weather forecast. From its level you can also read the news - you will no longer miss an important notification!
