

### Smartwatch Black Shark BS-GT Neo black

Smartwatch Black Shark BS-GT Neo black

Ref: 6974521491545

#### Smartwatch Black Shark BS-GT Neo (black)

The Black Shark BS-GT Neo smartwatch offers a TFT display with a 2.02 diagonal screen, providing clear access to notifications. What's more, it lets you talk freely on the phone thanks to its built-in microphone and ENC noise cancellation function. It offers more than 100 sports modes, so there's something for everyone, and monitors your heart rate around the clock to notify you of alarming symptoms. Plus, it's water resistant (IP68), so you can use it without worrying about splashes.

#### TFT display

Enjoy crystal clear images with the BS-GT Neo. The smartwatch offers a 2.02" TFT touchscreen display with a brightness of 600 nits, which translates into rich detail and more comfortable operation. Want to personalize the look of your smartwatch? Choose from 100 available dial designs - do you opt for classics, or do you prefer full-color, original graphics? You are sure to find the right design for you!

#### Crystal clear phone calls

With BS-GT Neo, you don't have to reach for your smartphone to answer an incoming call - now you'll do it from the smartwatch. You can also use it to call loved ones, reject calls or mute them. In addition, the smart watch uses ENC noise cancellation, so you can make calls no matter where you are.

#### Up to 7 days of operation

Have the BS-GT Neo with you when you're on a business trip or vacation without worrying about sudden drainage. The smartwatch uses a 300 mAh battery that provides up to 7 days of use. In turn, its charging will take about 2.5 hours. You will find a cable included to renew the equipment's energy.

#### More than 100 sports modes

Running, cycling, tennis - these and many other sports modes are offered by the BS-GT Neo. The smartwatch allows you to choose from more than 100 options, so you're sure to find something for you. You will also get information on the number of steps, calories burned, distance and time spent exercising. In addition, the Fit Shark App lets you track your route with GPS, share your workout results and check your progress with daily/ weekly/ monthly reports.

#### Your 24/7 assistant

Keep your health under control. The smartwatch monitors your heart rate around the clock and measures your blood saturation. It will also immediately inform you of worrisome symptoms. In addition, it tracks your menstrual cycle and generates a report on the length of your sleep. This way it will be easier for you to eliminate unhealthy habits.

#### Additional features

This is not the end of the Black Shark BS-GT Neo's capabilities. From the smartwatch, you can read notifications from apps, take photos remotely, or set an alarm clock or stopwatch. The smartwatch also offers mini-games that you can use, for example, on your way to work or university. In addition, the smartwatch will help you find your lost smartphone if you can't remember where you put it.
