The Aukey SW-2U smartwatch will also take care of your health. Equipped with advanced sensors, it regularly monitors your heart rate and blood oxygen levels, providing valuable information about your health. The device also offers a sleep monitoring function that tracks your sleep, analysing its depth and duration, and then provides detailed reports.

Long operating time

The Aukey SW-2U is ready to accompany you for a long time! Thanks to its long-lasting battery, it provides up to 14 days of operation with standard use or up to 10 days with heavy use. And the Always-on display mode allows you to enjoy its functions for 5 days.

Stay connected

Now you have everything you need on your wrist! The smartwatch keeps you informed of app notifications or SMS messages, so you can be sure you won't miss an important message. What's more, thanks to the built-in microphone and speaker, you are free to make phone calls wherever you are.

Elegant design

The SW-2U smartwatch combines exceptional functionality with an elegant design. Equipped with a leather strap, it blends in perfectly with a variety of styles and is a real pleasure to wear. What's more, thanks to its IP68 waterproof certification, the smartwatch is ready to perform even in harsh conditions. You can confidently use it while swimming, running in the rain or in the shower.
