

Coffee Gooseneck Kettle Cocinare Leopard

Coffee Gooseneck Kettle Cocinare Leopard

Ref: 6975652280060

Electric Kettle with Temperature Control - Gooseneck Cocinare (Black)

Invite your loved ones for coffee, tea, or hot chocolate and savor the aromatic flavors together with the Gooseneck electric kettle. This elegant Cocinare device creatively combines a screen and temperature control knob (ranging from 38°C to 100°C), boasts a power of up to 1500W, and offers a timer. Its ergonomic S-shaped design allows for convenient and precise pouring into your cup. The kettle has a capacity of 0.9 liters, and its noise level during operation does not exceed 49 dB. Furthermore, the product ensures 60 minutes of thermal insulation, and its well-thought-out construction guarantees complete safety during use.

Feel Like a Real Barista

Brew a beverage that will meet the expectations of even the most demanding coffee and tea enthusiasts. The Gooseneck electric kettle has a 0.9-liter capacity and allows for precise temperature adjustment ranging from 38°C to 100°C. The selected value, set using the practical knob, will be displayed on the screen. Now you can enjoy the aromatic flavors of your favorite drinks every day!

Thoughtful Features

The Cocinare kettle provides efficient thermal insulation, maintaining warmth for up to 60 minutes. The device also features a 5-minute timer, aiding in achieving the optimal extraction time, thereby extracting the desired coffee flavor.

Ergonomic Design

The interior of the kettle is made of corrosion-resistant 304 stainless steel. It weighs no more than 600 grams. The upward-facing hot air outlet directs steam away from your hand, reducing the risk of burns. The ergonomic handle allows for stable and comfortable pouring, and thanks to the elegant S-shaped design, the Gooseneck model ensures unmatched water flow control. With Cocinare, you will master the art of brewing coffee to perfection!

Convenient Operation

You can easily adjust the temperature level using the knob, and the practical buttons enable smooth kettle operation. Moreover, with a power range from 1200 to 1500W, you won't have to wait long for the water to boil. Now you can quickly prepare delicious beverages!

Package Contents:
