Camera Cover & Strap Sunnlylife for Insta360 X3 (IST-BHT504)

Sunnlylife silicone camera cover for Insta360 X3 (IST-BHT504)

Worried that your Insta360 X3 camera might get damaged? The silicone cover by Sunnlylife will protect it from scratches and more! The accessory is very durable and pleasant to the touch, and thanks to its well-thought-out design it provides convenient access to all the device's buttons. The set also includes a practical lanyard.

Reliable protection

The Sunnlylife cover is made of durable, environmentally friendly silicone, so it can effectively protect your camera from damage - for example, from a fall or impact. It will also allow you to safely transport and store your device. You can also combine it with a separately available lens protector.

Perfect fit

The accessory perfectly fits the shape of the Insta360 X3 camera. It allows you to use its buttons comfortably, and thanks to special openings, it does not obstruct the microphones or speaker. So it does not affect the comfort of using the device! The cover also allows you to conveniently replace the camera's battery. It is also distinguished by its non-slip surface, so you do not have to worry that the equipment placed in it will slip out of your hand.

Practical lanyard included

In the package you will also find a practical lanyard. With its help, for example, you can hang the camera around your neck or on your wrist. This will reduce the risk of losing it, and you will also avoid accidentally dropping it on the ground. Also noteworthy is the adjustable length of the lanyard - you can easily adjust it to your needs!
