

### Universal wireless mouse Havit MS61WB (black)

Universal wireless mouse Havit MS61WB (black)

Ref: 6939119041854

Havit MS61WB Wireless Universal Mouse (black).

Enjoy a comfortable user experience with the MS61WB from Havit. The mouse works wirelessly, connecting to a compatible device in the 2.4 GHz band. In addition, it allows you to adjust the resolution and connects to 2 devices simultaneously. You'll find a mini receiver included to help connect the mouse to your equipment.

Customize its operation to suit your needs

Work, gameplay, web browsing - the Havit mouse will work well in these and similar situations. The MS61WB allows 3-stage resolution adjustment in the range: 1200-2000-3200 DPI. What's more, the product can connect with 2 devices at the same time, for even greater convenience of use.

Reliable connection

Don't be afraid of connection problems. The Havit mouse connects to a compatible device via 2.4 GHz, providing stable and fast signal transmission of up to 10 meters. In addition, you will find a mini receiver in the set, with which you will connect the MS61WB to your device.
