Selfie stick/stand Puluz with dual LED lights

The Puluz tripod with LED ring light will perfectly illuminate your face while recording videos or taking photos. You can also turn the tripod into a selfie stick and conveniently take photos with the Bluetooth remote control. With 3 lighting modes to choose from with adjustable brightness, you can easily adjust the light perfectly to your requirements. The device is extremely lightweight, and thanks to its foldable and portable design, you can take it with you anywhere.

A wide range of applications

The Puluz tripod is great for a wide range of situations. The ring lamp will illuminate the room perfectly during live broadcasts, YouTube or TikTok videos, and for portrait photography. You can also detach the ring light and turn the tripod into a portable selfie stick to take with you on vacation or on a trip. Additional lighting mounted to the phone holder will make your photos even better than before!

Take it with you anywhere

Going on vacation? Take the Puluz tripod with you! The device is distinguished by its lightweight and compact design, so you can easily pack it in your bag or suitcase - it certainly won't take up much space. You also don't have to worry about the device discharging at the least opportune moment. The durable rechargeable battery provides a long working time, and charging it will be easy for you with a USB cable.

Perfect lighting at any time of the day

Choose the perfect lighting for your needs. The ring light offers both white and cold light. So you can freely choose from 3 lighting modes and adjust the brightness of the light to suit your needs. Now you can take the perfect photo at any time of the day or night!
