Smartwatch Zeblaze Ares 3 (Green)

Zeblaze Ares 3 Smartwatch (Green)

The Zeblaze Ares 3 Smartwatch features a colorful 1.52-inch IPS display with a resolution of 360x360 pixels and 326 PPI, providing clear visuals in all conditions. It also offers various sports modes and advanced health features, including the OHR Fusion biometric sensor for monitoring blood oxygen and heart rate. Its 400 mAh battery provides up to 25 days of usage on a single charge. Additionally, the device stands out with its robust construction and resistance to challenging weather conditions.

Military-Grade Durability

Choose a smartwatch that can handle all challenges in extreme situations. The Ares 3 case meets military durability standards and guarantees resistance to extreme temperatures ranging from -40°C to 55°C. The device is also resistant to moisture, salty mist, ice, rain (IP68), and impacts. This high quality and durability are achieved through the use of durable Corning Gorilla Glass. The modern design with red details and crown decorations inspired by sports car tires is also worth noting.

Enhanced Display

The Ares 3 model features a large 1.52-inch HD color display that offers a high resolution of 360x360 pixels and a pixel density of 326 PPI. This ensures sharp visuals, making it easy to read information in all conditions. The Always On Display feature allows for quick access to the time and notifications without needing to activate the watch. Furthermore, you can customize the watch face with over 300

options.

Advanced Health Monitoring Technologies

The Zeblaze watch allows for health monitoring. The OHR Fusion technology, combined with 4 LED diodes, provides precise measurements. The offered features include blood oxygen level (SpO2) measurement, wrist-based heart rate monitoring, advanced sleep tracking, and tracking of daily physical activity, making it an ideal choice for active individuals who care about their health.

Reliable Assistant

Need support in your daily tasks? The Ares 3 is here to help! The smartwatch supports Bluetooth technology (BLE 5.1) and allows for high-quality phone calls. It also offers an offline voice assistant function for managing messages, emails, and app notifications without reaching for your phone. All of this ensures maximum convenience and efficiency, both at work and during various activities.

Excellent Workout Companion

Enjoy over 100 workout modes that allow you to customize activity tracking for specific types of exercise, from running and cycling to winter sports and dancing. The smartwatch also includes a pedometer function to measure steps, calculate burned calories, and track distance traveled. The Ares 3 will certainly keep up with you during every active moment of your life!

Efficient Battery and Long Battery Life

Forget about frequent charging - the Ares 3 comes with a 400 mAh battery that provides up to 25 days of usage in power-saving mode. During daily use, you can enjoy the device's performance for up to 15 days, and with intensive use, up to 7 days. It takes only 1.5 hours to fully charge the watch.

Wide Compatibility and Dedicated App

The Zeblaze Ares 3 is compatible with Android 5.0 and iOS 10.0 systems, allowing for convenient synchronization with most smartphones. You also have access to the FitCloudPro app, which allows you to easily check saved data and choose sports modes.

Included in the Package:
