

## Magnetic Wireless Charger Mcdodo CH-4360

Magnetic Wireless Charger Mcdodo CH-4360

Ref: 6921002643603

Mcdodo CH-4360 magnetic inductive charger

The Mcdodo CH-4360 is a breakthrough in charging and convenience. This ultra-thin and compact magnetic charger not only offers efficient charging, but also provides maximum convenience when using your phone. It uses N52's powerful magnets to ensure instant connection and works even when there is a case on your phone. Here are some key features that make this charger an indispensable addition to your smartphone.

### Magnetic charging

Thanks to the N52's strong magnets, the Mcdodo CH-4360 charger will sit perfectly on your smartphone and allow for efficient charging. It's a time-saving solution that eliminates the frustration of difficult connectors. What's more, the Mcdodo CH-4360 offers efficient charging with a maximum power of 15W/10W/7.5W/5W, allowing you to charge your phone quickly.

### Safety Guarantee

Mcdodo takes care of your phone's safety while charging. The charger is equipped with multiple safety features, including over-current, overcharging, overheating and short circuit protection. Rest assured that your 14/13/12 Apple brand phone will be charged safely and reliably.

### Elegant and durable design

The Mcdodo CH-4360 charger is designed with aesthetics and durability in mind. Its thin and elegant design fits into any interior, and the use of aluminum alloy and TPE material guarantees long-lasting durability. This is a product that combines functionality with aesthetics.
