Combo bag Sunnylife for DJI Mini 4 Pro N4P-B698

Ref: 5905316148789

Sunnylife N4P-B698 Bag for Mini 4 Pro

Sunnylife N4P-B698 is a high-quality bag designed to fit all the essential accessories. Its interior has embossed compartments for a drone, a controller (additionally secured with a strap), a charger, and 5 batteries - ensuring that the accessories remain stable in separate compartments, which prevents them from knocking into each other or moving around in the bag, and also offers greater safety during shocks. The compartments are spacious enough to fit the drone and controller with their guards on.

Highest Level of Safety

The upper and lower parts of the case are separated by a wall covered with soft material, which prevents scratching of the drone or controller by accessories stored in the upper part. The pocket is made of mesh, allowing a glance at the contents so that the user can quickly check if they have packed everything necessary. The pocket is zippered to ensure nothing falls out.

Convenient to Carry

The Mini 4 Pro bag features a zipper with two sliders, allowing it to be opened and closed from either side. Additionally, the bag has a handle for carrying it by hand, as well as hooks for a strap to transport it over the shoulder.
