

Filter CPL PolarPro for Hero 9/10

Filter CPL PolarPro for Hero 9/10

Ref: 817465028995

PolarPro CPL filter for Hero 9/10

Designed specifically for the GoPro Hero 9/10 sports camera, the CPL filter gives your photos more contrast, reduces glare and increases color saturation. It will work well when photographing landscapes, such as water, snow, blue skies, or foliage. The filter was created with Cinema Series glass, which consists of 16 layers. It also has a coating that protects against fingerprints, scratches and liquid.

Included

CPL filter

protective case
