Universal wireless mouse Havit MS989GT (black&red)

Ref: 6950676251623

### Havit MS989GT Wireless Mouse

Are you looking for a versatile mouse that works for both casual, everyday use and dynamic gaming? Havit MS989GT will be a real hit! The device is suitable for both right- and left-handed people and thanks to its ergonomic design provides comfort of use. This 2.4G wireless mouse has an adjustable DPI range of 800-1600 so you can adjust it perfectly to your needs.

### Reliable wireless connection - enjoy freedom

Do away with the cables that limit your freedom and discover the advantages of wireless solutions. The Havit MS989GT mouse uses 2.4G technology and provides a reliable, stable connection with a range of up to 8m. So you can work, browse the Internet or play your favorite games without interruption. The absence of tangled cables will also help you keep your desk tidy.

### DPI adjustment - adjust the mouse to your expectations

Want to see if anything new has been added to your favorite websites? Are you going to edit your travel photos? Or maybe you prefer to play a game? With adjustable sensitivity ranging from 800-1600DPI, the MS989GT is perfect for these and many other uses! Customize it to your needs and enjoy the smoothness you dream of.

### Friendly to all users

When designing the mouse, different hand shapes were taken into consideration to best suit the various needs of users. This makes it suitable for both right- and left-handed users. The ergonomic design of the MS989GT means you can use it for hours without getting tired. The device does not strain your wrists and is incredibly comfortable to use.

#### Easy to use and efficient

The plug-and-play system makes installing the mouse quick and easy - no need to waste time on complicated setup. The compact receiver can be stored inside the device for easy transport and storage. Plus, the automatic sleep mode reduces power consumption. You only need 1 AA battery to power the mouse, which provides a surprisingly long battery life.
