Insta360 Quick Reader (horizontal version) for Insta360 cameras

Enjoy fast file transfer and convenient editing of your footage. The Quick Reader plug & play adapter allows you to quickly transfer videos from your Insta360 camera to your phone without using Wi-Fi. The device is equipped with USB-C and MFI-certified Lightning connectors. So you can easily connect it to your iPhone or Android smartphone. File transfer using the adapter takes less time and uses less camera power than a Wi-Fi connection.
