Memory card Imou microSD (UHS-I, SDXC, 10/U3/V30, 95/38)

Imou 64GB microSD memory card (UHS-I, SDXC, 10/U3/V30, 95/38).

Imou ST2-64-S1 is a 64GB microSD memory card that is fantastic for digital cameras, game consoles, laptops, smartphones and more. Its read speed is 95MB/s and write speed is 38MB/s.

High capacity and speed

With the 64GB Imou ST2-64-S1 memory card, you can forget about the problems of running out of space. The C10/U3/V30 speed class guarantees lightning-fast data transfer with read speeds of up to 95MB/s and write speeds of up to 38MB/s. This means you can record 4K-quality videos, take RAW-format photos and enjoy many other advanced multimedia features without any hassle.

Long-lasting use

The card uses 3D TLC NAND Flash technology, which ensures stability and performance. What's more, with a P/E (Program/Erase) cycle between 500-1000, you can be sure of long-lasting and reliable use.

Durability and safety

The memory card is resistant to harsh operating conditions. It operates in temperatures from 0 to 70 degrees Celsius and in a humidity range of 5 to 95% RH. Its small size (15mm x 11mm x 1mm) also makes it incredibly compact and easy to store.
