Car holder Ainope, for CD port (black)

Ref: 5905316149090

Ainope Car CD Slot Mount Holder (Black)

The Ainope holder securely holds your phone while driving. It is made with thicker silicone and high-friction materials that minimize the risk of device slipping. The maximum clamp width is approximately 17 mm, making it widely compatible. It can be easily installed.

Durability Confirmed by Tests

The reliability of the holder has been confirmed in over 60,000 tests. The accessory is equipped with sturdy arms and a durable CD slot clip, ensuring safety and stability even on uneven roads. Additionally, it can withstand a pressure force of up to 48 pounds, and a specially designed clamping mechanism prevents phone drops.

Wide Compatibility

Wondering if your smartphone will be compatible with the Ainope holder? The maximum clamp width is approximately 17 mm, making the accessory exceptionally universal. This solution also eliminates the need to remove the phone case. Adjusting the clasps will not be a problem for you. Furthermore, the holder will work with almost any CD slot.

Reliable Protection

The holder is made of soft and thick silicone that prevents damage to both the phone and the CD slot. The product effectively protects

the device from scratches and ensures secure attachment.
