Baseus Star-Lord 30000mAh 30W Powerbank (White)

Baseus Star-Lord Powerbank is an indispensable source of energy with an impressive capacity of 30000 mAh, providing multiple charging of devices on the go, at work, or during trips. This stylish powerbank allows simultaneous charging of multiple devices thanks to support for fast charging and multiple ports. Its intelligent design and innovative charging technology ensure efficient and safe use. Baseus Star-Lord Powerbank is not only about comfort, but also safety assurance. See what it can offer you!

Large Capacity

Baseus Star-Lord Powerbank is an indispensable source of energy for active people who value large capacity and convenience. With a huge capacity of 30000 mAh, this powerbank allows for multiple charging of your devices, whether you are traveling, at work, or on a weekend getaway. Its impressive capacity means you can enjoy long-term use of your smartphones, tablets, or headphones without constantly looking for a power outlet. Baseus Star-Lord Powerbank is not only a practical device, but also a stylish accessory that fits perfectly into various situations. With it, you always have a backup energy for your devices, no matter where you are.

Charge Multiple Devices Simultaneously

Baseus Star-Lord Powerbank is a solution for people needing a versatile and efficient power source. Thanks to support for fast charging and several available ports, this powerbank allows simultaneous charging of multiple devices, making it an ideal companion for travel,

work, or everyday use. Its wide compatibility with various charging standards, such as Huawei SPC/FCP, Apple PD, Xiaomi QC, Samsung AFC, and many others, ensures full flexibility and adaptation to your needs. Now you can charge your devices according to your preferences, ensuring they are powered efficiently and safely.

Thoughtful Design

Baseus Star-Lord Powerbank not only impresses with its aesthetic design but also with intelligent solutions that increase its utility. Equipped with a display that informs about the remaining amount of energy, it allows easy control over the available power. But that's not all — the innovative BPSII charging technology makes this powerbank unique. Thanks to the dynamic division of power adapted to the charging devices, it automatically adjusts the output current, voltage, and power to each connected device.

Safety Assurance

Baseus Star-Lord Powerbank is not only a source of energy but also a safety guarantee for your devices. It is equipped with protection against overcharging, excessive discharging, voltage spikes, and overcurrent protection. This gives you the certainty that your devices are safe, and you can charge them quickly and easily.
