

## Meross Smart Desk lamp MDL110MHK (HomeKit)

Meross Smart Desk lamp MDL110MHK (HomeKit)

Ref: 6973696561695

Meross MDL110MHK smart desk lamp (HomeKit)

The Meross smart desk lamp will come in handy for students, pupils and workers. It generates eye-friendly light, the brightness and color temperature of which you can freely change. Thanks to adjustable construction you can easily adjust it to your needs. It is also possible to remotely operate the device using Meross app, Apple HomeKit or voice commands, among others.

Safe for sight

Provide optimal lighting when you're working or studying. The lamp generates a gentle, eye-safe light that does not flicker, glare or tire your eyes. This makes it ideal for both adults and children. If necessary, you can also adjust the brightness of the light from 1% to 100% and its color temperature in the range of 2700-6000K.

Remote control

The device is compatible not only with the Meross app, but also with Apple HomeKit, Amazon Alexa, Google Assistant and Samsung SmartThings. Add it to the platform of your choice and gain the ability to remotely turn the light on and off, adjust its parameters, and even create work schedules. It's also possible to control the light with your voice - using Siri Assistant, for example.

#### Adjustable design

The lamp is designed to be perfect for users of almost any age. Its tilt is adjustable up to 180° - position it to optimally illuminate your keyboard or notes. When you don't need it for a while, simply fold it up to take up even less space.

#### Stunning design

The product has been made of excellent quality aluminum alloy, which provides it not only strength and resistance to damage, but also more efficient heat dissipation. The lamp also looks really great - thanks to the minimalist, modern design it will appeal to many users and can be a fantastic complement to the desk.

#### In the box

Smart desk lamp  
Power adapter  
Fastener x2  
Small hexagon wrench  
User Manual

#### Specification

##### Brand

Meross

##### Model

MDL110MHK (EU)

##### Input

12V / 1A

##### Rated power

10W

##### Illuminance

400lm±10%

##### Color temperature

2700-6000K

##### Dimensions (folded)

399x119x51mm

##### Antenna

One internal antenna

##### Wireless Standard

IEEE 802.11 b/g/n, 2.4GHz, 1T1R

##### Wireless Security

Supports WEP 64/128bit, WPA-PSK / WPA2-PSK

\* Does not support Wi-Fi Enterprise.

##### Certificates

CE, RoHS, WEEE

##### System requirements

Android 4.1 or above / iOS 13 or above, existing Wi-Fi network
