

Adapter USB male-female Type-C Joyroom S-H151 (black)

Ref: 6941237149114

Adapter USB male-female Type-C Joyroom S-H151 (black)

Joyroom USB/USB-C Adapter S-H151

Increase the range of your hardware's capabilities with Joyroom's USB to USB-C adapter. The S-H151 is widely compatible, supports OTG functionality, enables charging and works with the USB3.0 standard to transfer data at 5 Gbps.

Wide compatibility

The Joyroom adapter is equipped with USB and USB-C connectors, making it very universal. You can successfully connect the USB connector to, among others, a USB drive, keyboard, game console, camera and USB hub. The USB-C connector will work for phones (including iPhone 15 series), tablets, notebooks, PD charging adapters and PD car chargers. The possibilities are endless!

OTG function

You don't have to worry about installing additional software. The S-H151 adapter supports OTG function, so you can connect additional accessories such as a mouse, keyboard or hard drive to your smartphone or tablet. Bet on convenience with Joyroom!

Fast charging and data transfer

With the Joyroom adapter you will not only renew the energy of compatible devices, but also transfer files at speeds of up to 5 Gbps. With the S-H151, you'll forget what waiting is! Enjoy high transmission speed and stable signal in any situation.

Robust construction

Joyroom's product is made of durable materials that are resistant to scratches and marks of use, such as zinc alloy. What's more, the S-H151 effectively distributes heat, so you don't have to worry about your equipment overheating.
