

Wired Earphones JR-EW02, Half in Ear (Black)

Wired Earphones JR-EW02, Half in Ear (Black)

Ref: 6956116769840

Joyroom JR-EW02 wired in-ear headphones, (Black).

Discover a new dimension of sound with the Joyroom JR-EW02 headphones, which are a combination of powerful bass, HiFi sound and comfort. Featuring a bionic speaker with a composite diaphragm and a high-sensitivity microphone, they'll give you an unforgettable sound experience and allow you to make crystal-clear phone calls with ease. Thanks to their sloping design, they fit better to the shape of your ear, guaranteeing unparalleled comfort for hours on end.

Bionic speaker

With a bionic speaker with a composite diaphragm, the Joyroom JR-EW02 deliver incredibly deep and realistic bass and clear HiFi sound. These are the perfect headphones for music lovers who don't want to compromise on sound quality. Just lose yourself in the music!

Unparalleled comfort

The headphones are designed with a 45° tilt and feature silicone ear pads for a perfect fit and comfort even during prolonged use. The material they are made of is skin-friendly, so you can enjoy listening without worrying about discomfort.

Sensitive microphone

The JR-EW02 are equipped with a sensitive microphone, ideal for HD calls. It's the perfect choice for gamers, live broadcasters and those

who frequently make phone calls. Talk and play with absolute confidence that every word and sound is captured with the utmost precision.

Durability and convenience in one

The reliable and durable high resilience TPE cable not only prevents tangling, but is also easy to store. It's ideal for those who are always on the go. No more wasting time untangling wires, instead focus on what's really important.

Easy to use and wide compatibility

With a smart 2-button control, operating the headphones is trivial. The nickel-plated 3.5mm plug ensures wide compatibility and stable transmission, which means the headphones work perfectly with all kinds of devices. When you choose the JR-EW02, you're betting on versatility and reliability.
