

Wired Earphones JR-EW03, Half in Ear (Dark Grey)

Wired Earphones JR-EW03, Half in Ear (Dark Grey)

Ref: 6956116770129

Joyroom JR-EW03 wired in-ear headphones, (Dark gray).

Immerse yourself in great sound with the Joyroom JR-EW03 wired dock headphones. They deliver clear sound with a frequency response of 20Hz to 20KHz, and thanks to their ergonomic design, you can listen to your favorite tunes for hours without feeling uncomfortable. The headphones are equipped with a built-in remote control for easy operation and a durable and flexible TPE cable. All this in a sleek metal finish.

Penetrating sound

With $\phi 10\text{mm}$ drivers and a wide frequency response of 20Hz to 20KHz, the Joyroom JR-EW03 headphones deliver precisely balanced and natural sound. From deep bass to crystal clear treble, the rich and detailed sound will satisfy the most demanding music lovers.

Maximum comfort for your ears

Joyroom designers opted for an ergonomic design with a 60° tilt to give you confidence that the JR-EW03 headphones will fit securely and comfortably in your ears. The lightweight design means you can enjoy music and conversations for long periods of time without feeling fatigue.

Built-in remote control

Equipped with a built-in remote control, the JR-EW03 headphones make it easy to control your music and phone calls. This way, you don't have to take your phone out of your pocket or bag. Everything you need is literally at your fingertips.

HD microphone - conversations in the highest quality

You no longer have to worry that your interlocutors will miss what you have to say to them. With a sensitive microphone for HD conversations, you're guaranteed to be perfectly heard at all times. Whether you're having an important business conversation or chatting with friends, the JR-EW03 provide excellent sound quality.

Durable and flexible TPE cable

The headphones are equipped with a flexible but also durable TPE cable. This means you can forget about frustrating tangled wires. You will no longer waste time and nerves on tediously untangling them.

Wide compatibility and elegant design

A sleek design with a metal finish makes the JR-EW03 headphones not only functional, but also a stylish accessory. In addition, with its oxidation-resistant 3.5mm connector, the JR-EW03 headphones are compatible with a wide range of devices, ensuring a stable connection without interference.
