

Charger Joyroom JR-TCF07EU Speed PD, 30W (Black)

Charger Joyroom JR-TCF07EU Speed PD, 30W (Black)

Ref: 6956116766283

Joyroom JR-TCF07EU Speed PD mains charger, 30W (black).

The Joyroom JR-TCF07EU is a power charger with a plug that fits European outlets. It is a charger that uses Speed PD, or USB-C, charging technology, making it very versatile - suitable for many devices including phones and tablets. It supports a maximum power of 30W and is equipped with technology that not only increases charging efficiency, but also effectively reduces the temperature of the device during charging. In addition, its safety features include protection against overheating, over-voltage, over-power, short circuit and electrification. It's worth noting that the charger's housing is made of flame-resistant polycarbonate, which provides an extra layer of protection for the user, ensuring safety during use.

Speed of charging

With a supported power of 30W, you'll charge your MacBook Air up to 60% and your iPad Pro up to 70% in an hour. This will allow you to save a lot of time and develop your potential even more efficiently. Efficiency and protection are key features of the technology used in the Joyroom JR-TCF07EU. This innovative technology not only helps reduce device charging time by increasing efficiency, but is also designed to minimize heat generation. This works in favor of efficiency and prevents the dangers of overheating.

User safety

At the same time, the technology takes full care of user safety. It protects against the risk of overheating, over voltage, over current and

the danger of short circuit. The fireproof polycarbonate housing, which is a distinctive feature of the Joyroom JR-TCF07EU, also cannot be overlooked. This material not only gives the charger an aesthetically pleasing appearance, but most importantly acts as an effective protective barrier. Thanks to its sturdy housing, this charger not only performs its functions comprehensively, but also provides confidence that the charging process is carried out in a safe and trustworthy manner.
