

Lint Remover Deerma MQ600

Lint Remover Deerma MQ600

Ref: 6955578033483

Deerma MQ600 clothes shaver

Your crumpled clothes can soon look like new. The Deerma MQ600 clothes shaver is equipped with a high-performance motor that runs at up to 7000rps and guarantees unmatched performance. It weighs just 160g and is really compact - it can accompany you almost anywhere. It also offers 2 heads. The device is powered by USB - just plug it into an adapter or powerbank. With a built-in rechargeable battery, it can also work wirelessly.

2 heads for special tasks

Your favorite sweater is getting lint? Have lint and protruding threads appeared on your elegant blouse? Not a problem anymore! With the Deerma shaver it only takes 3 minutes to make your clothes look like new. The device is equipped with 2 heads that you can use alternatively, depending on your needs. One is for quick removal of lint. The other is used for adhesion of lint and threads.

Convenient to use

The Deerma MQ600 clothes shaver stands out with its refined, thoughtful design. It fits perfectly in your hand and is incredibly comfortable to use. So you can tidy up a lot of clothes in one go! It's lightweight and compact so you can have it always at hand. The shaver is easy to carry around with a special strap that lets you hang it on your wrist or attach it to your bag.

Efficient and quiet

Now you can watch a TV series or listen to music while removing wrinkles without interruption. Deerma shaver works extremely quietly - you won't be disturbed by annoying noise. This is possible thanks to the excellent quality motor, which works at speeds of up to 7000rps without generating much noise.

Can operate wirelessly

Do you appreciate the freedom that cordless solutions provide? The Deerma MQ600 garment shaver won't let you down! It's equipped with a long-lasting battery that provides up to 45 minutes of use on a single charge. If you want, you can also plug the device into a power source and use it that way. The built-in USB port allows you to conveniently charge the shaver not only with an adapter, but also with a powerbank or laptop, for example.

Solid and durable

This practical device will serve you well for a long time. It is made of excellent quality materials that are extremely durable and allow you to remove wrinkles effectively and safely at the same time. The special mesh and cutting head are made of high grade 304 stainless steel, while the body of the device is made of damage resistant ABS plastic. The MQ600 is also safe to use. If the steel mesh is even slightly loose, the shaver will stop working immediately. An additional cover protects the device from dust.
