

Cable USB Multi-Use Joyroom S-1T3066A15 3w1 / 3,5A / 66W / 1

Ref: 6956116752347

Cable USB Multi-Use Joyroom S-1T3066A15 3w1 / 3,5A / 66W / 1,2m (black)

Joyroom USB cable S-1T3066A15 3in1 / 3.5A / 66W / 1.2m (black)

The 3-in-1 Joyroom cable will meet your charging and data transfer needs. It features 3 connectors - USB-C, Lightning and Micro USB. This will save you time by connecting several devices to it at the same time. Its power reaches a maximum of 66 watts, which translates into instant power restoration. The cable length is 1.2 meters.

Fast charging

By opting for Joyroom's product, you gain the ability to renew the energy of as many as 3 devices simultaneously. The USB-A to USB-C, Lightning and Micro USB cable is distinguished by its wide compatibility. Plug it into a mains charger to enjoy power outputs of up to 66 watts. In addition, the S-1T3066A15 demonstrates backward compatibility with fast charging with 40 watts of power.

Careful design

The cable length is 1.2 meters, so you can comfortably use it both at home and in the office. The well-thought-out design allows you to freely connect as many as 3 devices. Indulge yourself in convenience, bet on Joyroom's proposal and enjoy the convenience that the 3-in-1 cable offers!
