PowerBank JR-L012 Plus 22.5W 20000mAh (pink)

The Joyroom powerbank features a power output of up to 22.5W, supports fast charging technology and comes with Lightning and USB-C cables. It also offers a capacity of 20,000 mAh, so you can freely take it on the go and renew the power of your devices several times. The JR-L012 Plus meets international airline standards - so it can accompany you on the plane. A smart chip controls the temperature, guaranteeing safe use.

Impressive performance

Do you value speed and efficiency? Opt for the Joyroom powerbank. It comes with 2 cables (Lightning and USB-C) for fast charging. Moreover, its power reaches up to 22.5 watts. As a result, it can renew the energy of compatible devices 3 times faster than similar products. 30 minutes is enough for the charge level of an iPhone 14 or Huawei Mate 50 to reach 60%. Forget about the long wait!

High capacity

The JR-L012 Plus offers an impressive capacity of up to 20,000 mAh, making it a perfect fit for travelers and heavy users of mobile devices. With its help you can renew the energy of the Samsung S23 up to 4 times, the iPad Mini 3 times, and the AirPods Pro headphones - up to 26 times.

Refined design

The compact size of the powerbank makes it easy to fit in your bag or backpack. The integrated cables also act as a practical lanyard, making it easy to use and carry the device. In addition, an advanced chip controls the temperature, ensuring safe energy renewal. As you can see - every detail has been taken care of!
