

## Hard drive external enclosure Orico SSD/HDD 2.5" SATA III (b)

Ref: 6936761868723

Hard drive external enclosure Orico SSD/HDD 2.5" SATA III (b)

Orico external enclosure for 2.5" HDD/SSD

Turn your old 2.5" HDD/SSD into a practical storage tool. Orico's easy-to-install, portable enclosure will suit a wide range of applications, and with its USB 3.0 interface, it enables file transfer speeds of up to 6Gbps. It supports storage capacities of up to 2TB. The device is also safe to use and extremely durable.

**Fast file transfer**

No more waiting forever for your files to be copied. The USB 3.0 to SATA 3.0 connection allows data transfer speeds of up to 6Gbps. Now it only takes a few moments to transfer images, movies, documents or music - with Orico you will save time and make your work much easier!

**Easy to install**

Mounting the product is extremely quick and easy - just follow a few simple steps to stably and securely place your compatible hard drive inside. A blue LED indicator will let you know the status of the device. Forget about old, bulky and difficult to use cases - Orico provides new, better, user-friendly solutions.

**Enough storage space**

With Orico, you don't have to worry about running out of storage space. The case supports hard drives up to 2TB, which means you can store up to 50,000 photos or 1,500 DVD movies. This reliable tool will allow you to conveniently back up important documents or images, or even install games.

#### Optimal solutions for greater safety

Enjoy safe use. The case is designed to protect the hard drive inside from possible damage. The metal cooling panel is responsible for efficient heat dissipation, and a special soft pad provides shock resistance. The rear cover of the product is dustproof. The case has also been protected against wear.
